

September 9, 2016 STLE Lunch Seminar

Welcome to STLE Houston Chapter's 2016-2017 Lunch Seminar Series!

Our first technical seminar of the new season will be held on **FRIDAY**, September 9, 2016, starting at 11 AM at Brady's Landing. Rachel Hagen of Cargill will be presenting "*Envirotemp FR3 Fluid Overview*". Please reserve the date!

Abstract:

As internationally recognized fluids experts, Cargill supplies Envirotemp™ dielectric fluid, both natural and synthetic, to utilities as well as power and distribution transformer manufacturers around the world. Envirotemp™ FR3™ fluid is made from renewable vegetable oils that provide:

- Increased transformer reliability
- Improved fire safety (twice the flash and fire points as mineral oil)
- Extended transformer insulation life (5-8x longer than mineral oil)
- Increased overload capacity (130°C hot spot vs 110°C hot spot for mineral oil)
- Environmental benefits including biodegradable, non-toxic and carbon neutral (according to Building Environmental and Economic Sustainability (BEES) lifecycle analysis)

Speaker:

Rachel Hagen is a Sales Account Manager for Cargill Industrial Specialties – Dielectric fluids. She is responsible for sales and business development in the Commercial and Industrial industry and manages our service shops and distributors. Rachel also leads global training for the dielectrics team. Before joining the dielectric fluids team, Rachel spent a year on the Enterprise development team working on process improvement and strategic pricing.

Rachel graduated from St. Olaf College with a B.A. in Chemistry and worked as an analytical chemist at Pace Life Sciences, a contract pharmaceutical testing lab, before coming to Cargill. During her time there she conducted testing, managed key customer relationships and developed an internal training program.

Location : [Brady's Landing Restaurant](#), 8505 Cypress Street, Houston, Texas 77012

Schedule:

11:00AM - 11:30AM: Arrival / Social
11:30AM - 12:00PM: Full Buffet Lunch
12:00PM - 1:00PM: Business Meeting and Technical Presentation
