Houston Section

September 10, 2021 Technical Meeting

Welcome to STLE Houston Section's 2021-2022 Lunch Seminar Series!

Our first technical seminar of the new season will be held “virtually” on Friday, September 10, 2021 at noon. Todd Cawley, President of LSI Chemical will be presenting “*Colorless and Permanently Suspended Nanocarbons in Lubricants*”. Please reserve the date!

Abstract: Mr. Cawley will be providing insights into the use of nanocarbons in lubricants.

Speaker: Mr. Cawley has a strong sales and technical background in the oil, fuel, and lubricant industries with almost 30 years in the business. Leadership roles at Sinclair Oil, American Refining Group, Nanotech Industrial Solutions and now President of LSI Chemical give him a unique understanding of how additives work in the fuel and lubricants industries.

Mr. Cawley has been heavily involved in introducing new technologies to the industry including DEF, biodiesel, tungsten disulfide nanoparticles, nano-carbons, and nano-ceramics. Mr. Cawley received the Industry Innovation Award in 2008 from the Alternative Fuel Vehicle Institute.

Mr. Cawley has extensive international experience with business development in over fifty countries. This includes launching new products to new markets.

Mr. Cawley has a BA in Business from The University of Utah David Eccles School of Business Honors: International Golden Key Honor Society

When not working, Mr. Cawley has a passion for soccer, hiking, walking, and learning languages. As a father of seven, he takes great pride in being a good dad.

Location: Virtual.
